Member of the

**Group**  
**SINCE 1989**

# More, than 30-year history of the Rév Group

- was founded in 1989: foreign trade of materials, machines and installations
- activity was soon extended by the representation of renowned foreign companies and warehouse wholesale
- growing turnover year by year
- our mission: to assist the competitive Hungarian goods in reaching the market
- we were among the first trading companies in Hungary to introduce the quality management system ISO 9001
- our stainless steel division has been operating as an individual limited liability company since 1 January 1999
- Today: more than 10 companies, over 400 employees work for the companies
- we deliver to 57 countries and our revenue exceeds HUF 8 billion

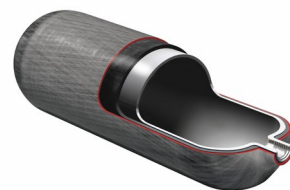

## Main members of the Rév Group - Rév Gas Industries Ltd.

- since 1994: trading with gas industrial equipment, high pressure gas cylinders, valves and other accessories seamless high pressure aluminium and composite gas cylinders
- for a wide variety of industrial and other applications
- the administrative centre is in Budapest
- the inspection and refurbishment plant of steel and aluminium gas cylinders was founded and opened in 2005 in Csongrád
- there are subsidiaries in the following countries: Romania, Czech Republic, Poland, Russia
- the company also distributes Portable Oxygen Concentrator (POC), which allows patients ease of mobility and independence
