**PROJECT PROPOSALS “DO BUSINESS IN KARAKALPAKSTAN” PROGRAM BY THE
GOVERNMENT OF AMUDARYO DISTRICT**

The project of establishing a textile complex in Amudarya district

INVESTMENT PROJECT PASSPORT

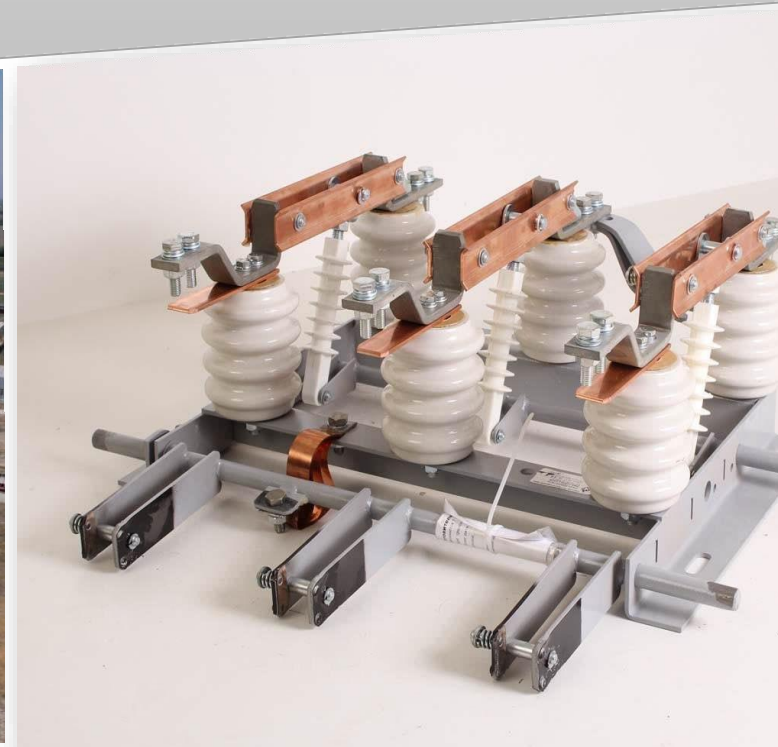

PROJECT ADDRESS	Amudarya district "Tolkin" mahalla
PROJECT COST	54 mln dollar
PROJECT POWER	18 thousand tons
PRODUCT IMPORT	3,5 million dollars
NPV	12,3 million dollars
IRR	19,2 %
WORK PLACE	1 000
AREA	11 hectares

ADVANTAGES OF THE PROJECT

- In the district, 52 thousand tons of cotton raw materials are grown on an area of 14 thousand ha per year, and there is an enterprise for processing 6 thousand tons of cotton fibers;
- More than 210,000 people live in the district, and the total cotton resources are 109,000 people;
- A railway and the A-380 international highway pass through the territory of the district.

The project of organizing the production of porcelain, electro-porcelain, faience in Amudarya district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	Amudarya District "Besh Tom" ST
PROJECT COST	25 million dollars
PROJECT POWER	1 million pieces
PRODUCT IMPORT	2,1 million dollars
NPV	9 million dollars
IRR	18,1 %
WORK PLACE	250
AREA	1 hectares

ADVANTAGES OF THE PROJECT

- There is a natural reserve of kaolin in the district, which allows the production of porcelain products;
- Within the framework of the project, the necessary land area can be obtained directly based on Decree No. PF-129;
- The district has a population with many years of experience in kaolin mining and processing.

The project of organizing the production of tomato products in Amudarya district

INVESTMENT PROJECT PASSPORT

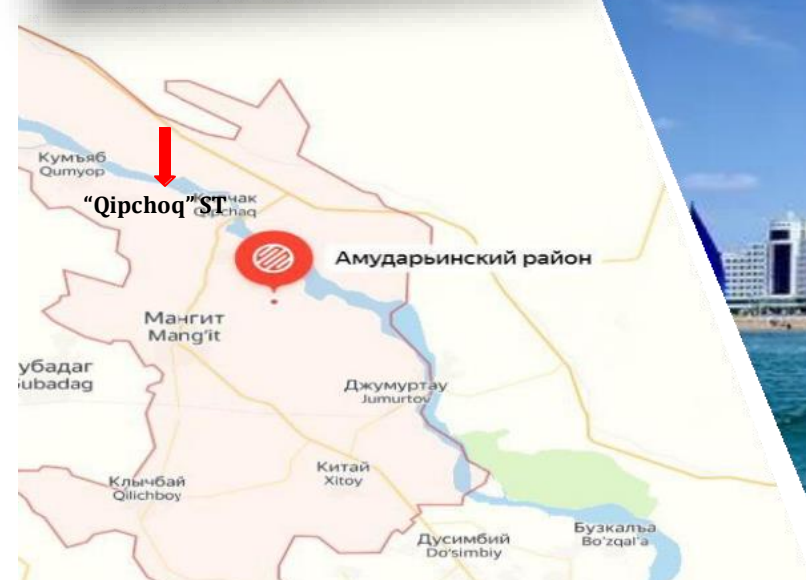

PROJECT ADDRESS	Amudarya District "Besh tom" ST
PROJECT COST	15 million dollars
PROJECT POWER	10 thousand tons
PRODUCT IMPORT	52,1 thousand dollars
NPV	1,2 million dollars
IRR	17,3%
WORK PLACE	250
AREA	1 hectares

ADVANTAGES OF THE PROJECT

- Fruit and vegetable production is the main driver of the district;
- Every year, 20,000 tons of tomatoes are grown on 1.2 thousand hectares in the district and are sold at low prices in the markets of Nukus city and other districts;
- There are no enterprises for processing these vegetable products, especially tomatoes, in the district.

The project of establishing a tourist zone in Amudarya district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	Amudarya district "Kipchak" ST
PROJECT COST	15 million dollars
PROJECT POWER	2 million tourist
PRODUCT IMPORT	475,7 million dollars
NPV	1,2 million dollars
IRR	13,8%
WORK PLACE	100
AREA	2,7 hectares

ADVANTAGES OF THE PROJECT

- As a result of the new bridge built over the Amudarya, the flow of passengers on the highway connecting the Republic of Karakalpakstan and the neighboring Khorezm region has increased by 5 times compared to before;
- It is very convenient to create a recreational and recreational tourist destination using the wide opportunities along the river.

The project of creating an intensive fishing complex in Amudarya district

INVESTMENT PROJECT PASSPORT

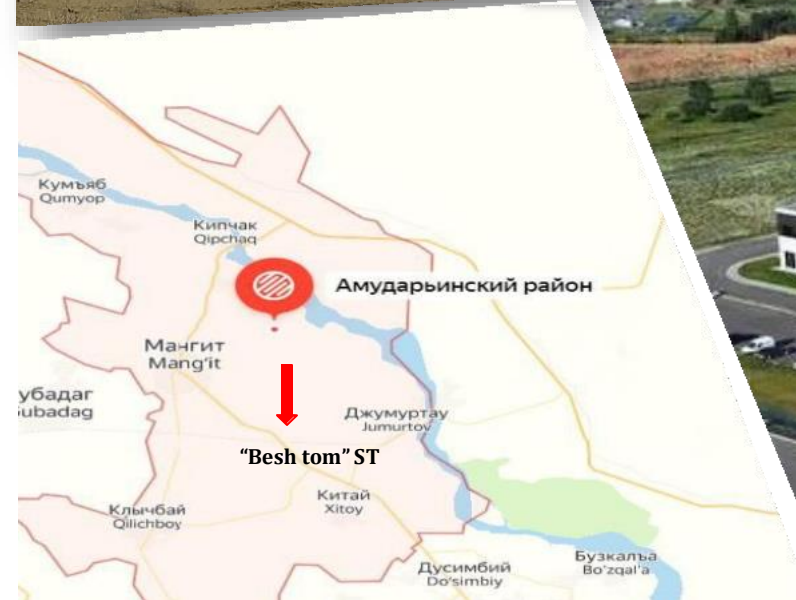

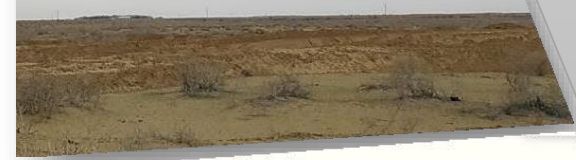

PROJECT ADDRESS	Amudarya district "Nazarkhan" ST
PROJECT COST	12 million dollars
PROJECT POWER	1,7 thousand tons
PRODUCT IMPORT	437 thousand dollars
NPV	1,5 million dollars
IRR	20,1 %
WORK PLACE	30
AREA	150 hectares

ADVANTAGES OF THE PROJECT

- Live fish and fish products are brought to the district mainly from Khorezm region. Intensive fish farming allows for a high yield due to the small size of the area compared to ordinary lakes;
- There are about 100 fish kitchens operating in the district, where 3-4 tons of fish are cooked every day, which in turn makes it possible to maintain thousands of fish.

Potato starch production project in Amudarya district

INVESTMENT PROJECT PASSPORT

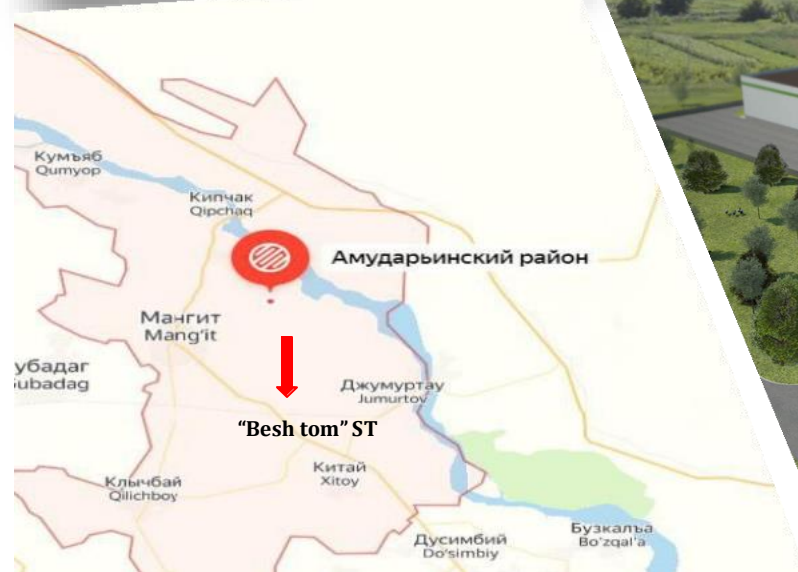

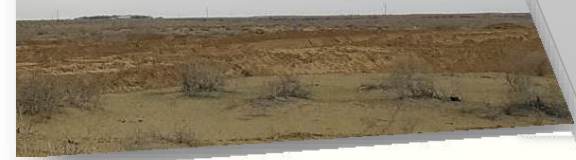

PROJECT ADDRESS	Amudarya District "Besh Tom" ST
PROJECT COST	22 million dollars
PROJECT POWER	4 thousand tons
PRODUCT IMPORT	120 thousand dollars
NPV	6,22 million dollars
IRR	16,50 %
WORK PLACE	80
AREA	3 hectares

ADVANTAGES OF THE PROJECT

- 25 thousand tons of potato products are grown in the district, which means that there will be no problems in providing raw materials;
- Residents of the district have many years of advanced experience in growing potatoes;
- Today, the demand for starch products is double, about 200 tons are purchased by food manufacturers per day.

A project to establish the production of copper products (nails, screws, bolts) in Amudarya district

INVESTMENT PROJECT PASSPORT

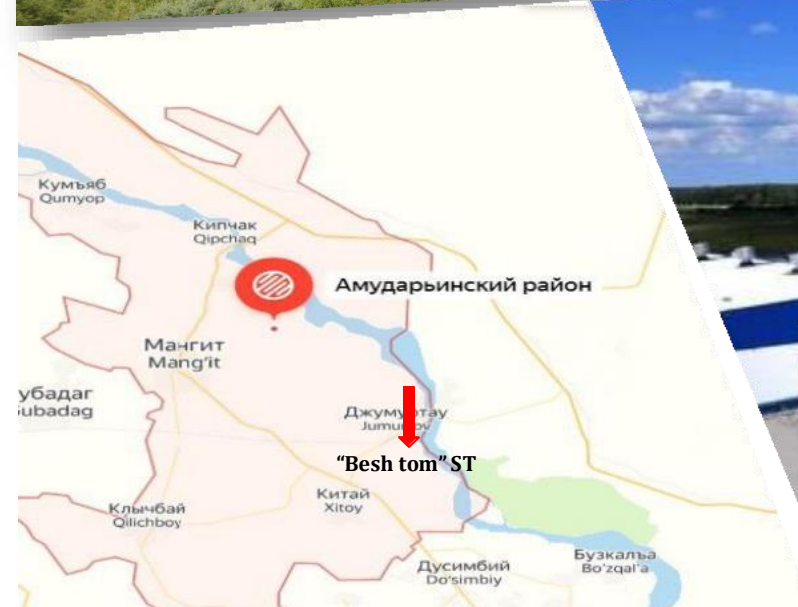

PROJECT ADDRESS	Amudarya District "Besh Tom" ST
PROJECT COST	12 million dollars
PROJECT POWER	10 thousand tons
PRODUCT IMPORT	90 thousand dollars
NPV	20.4 million dollars
IRR	30.47 %
WORK PLACE	50
AREA	2 hectares

ADVANTAGES OF THE PROJECT

- Since the district is very conveniently located geographically, it allows to sell the produced products not only to the markets of the Republic of Karakalpakstan, but also to Khorezm, Bukhara and Navoi regions.
- "Navoyi" ST has 2 hectares AREA with all infrastructure;
- A railway and the A-380 international highway pass through the territory of the district.

A fruit processing project by establishing a fruit and vegetable cluster in Amudarya district

INVESTMENT PROJECT PASSPORT

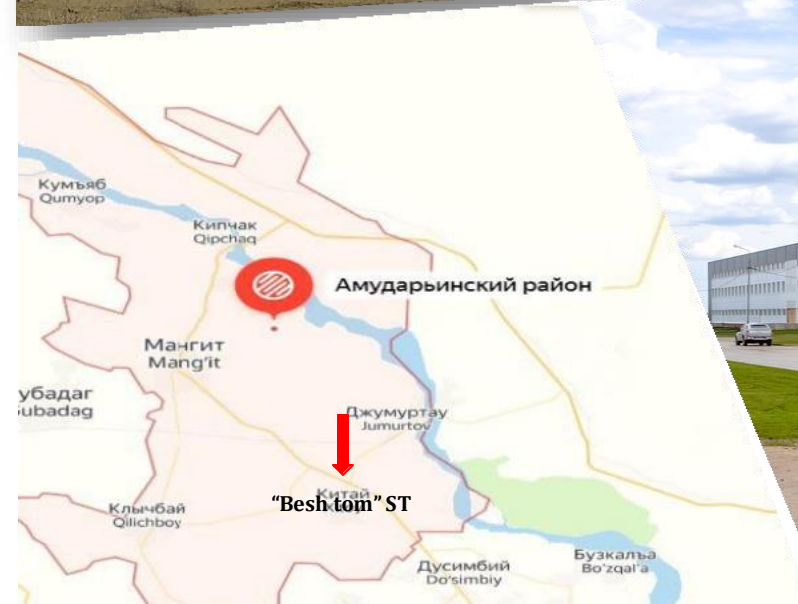

PROJECT ADDRESS	Amudarya District "Besh tom" ST
PROJECT COST	15 million dollars
POWER OF THE PROJECT	1 million pieces
PRODUCT IMPORT	7,9 thousand dollars
NPV	2,2 million dollars
IRR	16,9 %
WORK PLACE	100
AREA	3 hectares

ADVANTAGES OF THE PROJECT

- Every year, 2,000 tons of vegetables are planted in the district, and 80,000 tons are produced from these areas. products are grown, and today an orchard has been established on 1.6 thousand hectares.
- Residents of the district have many years of advanced experience and skills in growing fruits and vegetables;
- There are no enterprises in the district that create additional value by producing these products.

Project for production of copper products (pipe, cable, wire) in Amudarya district

INVESTMENT PROJECT PASSPORT

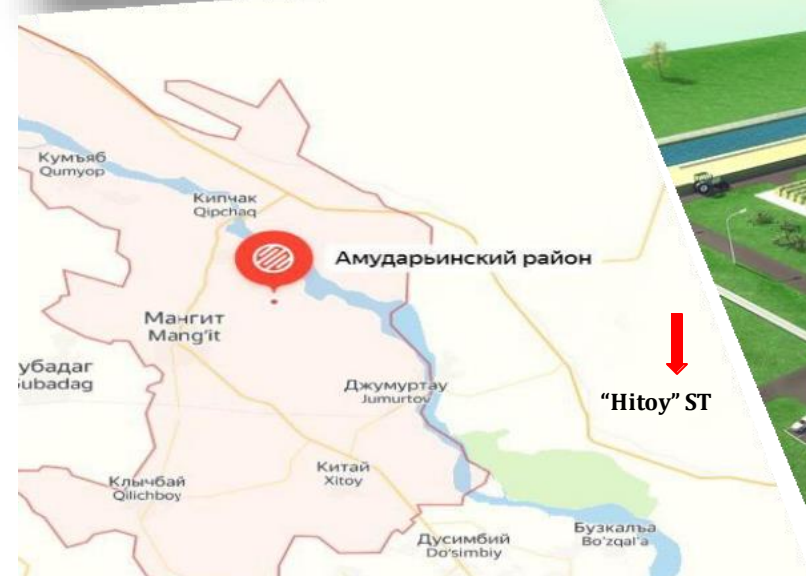

PROJECT ADDRESS	Amudarya district "Tolkin" ST
PROJECT COST	30 million dollars
POWER OF THE PROJECT	5 thousand tons
PRODUCT IMPORT	230 thousand dollars
NPV	1,8 million dollars
IRR	15,20 %
WORK PLACE	100
AREA	2 hectares

ADVANTAGES OF THE PROJECT

- It is very close to the area of copper mine reserves of Koraozak district, which is adjacent to the district;
- There is a small industrial zone with all infrastructure in the district;
- The railway passing through the territory of the district allows to build a processing plant near the copper mines;
- There are no enterprises producing this type of products in the Republic of Karakalpakstan.

Poultry (meat, eggs) formation project in Amudarya district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	Amudarya district "Hitoy" ST
PROJECT COST	11 million dollars
POWER OF THE PROJECT	0,8 million
PRODUCT IMPORT	475 thousand dollars
NPV	1,3 million dollars
IRR	13,8%
WORK PLACE	70
AREA	2,7 hectares

ADVANTAGES OF THE PROJECT

- Today, the population of the district is 212.8 thousand people, the consumption rate of poultry meat is 72%.
- Today, in the Republic of Karakalpakstan, the production of poultry meat is 30 thousand tons, and the production of eggs is 410.0 million tons. grain shape.

**PROJECT PROPOSALS “DO BUSINESS IN KARAKALPAKSTAN” PROGRAM BY THE
GOVERNMENT OF BERUNI DISTRICT**

The project of organization of the production of wallpaper products in Beruni district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Abay" ST
PROJECT COST	15 million dollars
POWER OF THE PROJECT	2 million pieces
PRODUCT IMPORT	0,2 million dollars
NPV	4,3 million dollars
IRR	9,43 %
WORK PLACE	80
AREA	1,1 hectares

ADVANTAGES OF THE PROJECT

- "Abay" ST has 1.1 hectares of free area with all infrastructure;
- Today, the import of this product in the Republic is more than 30 million dollars;
- As a result of the annual production of 1.5 million rolls, the project will pay for itself in 4 years.

Development of talc magnesite deposit and talc powder production project in Beruni district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	Beruni district "Abay" ST
PROJECT COST	15 million dollars
POWER OF THE PROJECT	3 thousand tons
RAW MATERIAL BASE	5,2 million tonnes
NPV	10,1 million dollars
IRR	19,7 %
WORK PLACE	13
AREA	2,2 hectares

ADVANTAGES OF THE PROJECT

- There are 5.2 million tons of raw material reserves in the "Zinelbulok" section of the district;
- "Abay" mall has 2.2 hectares AREA with all infrastructure;
- The demand for this product in the Republic today is 10 million square meters;

The project of formation of production of hydrated lime in Beruni district

INVESTMENT PROJECT PASSPORT

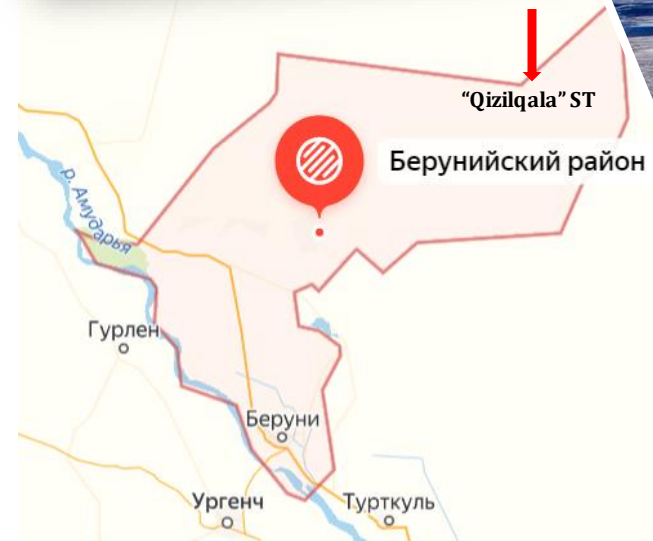

PROJECT ADDRESS	"ABAY" ST, Beruni district
PROJECT COST	10 million dollars
POWER OF THE PROJECT	500 thousand tons
RAW MATERIAL BASE	72,9 million tons
NPV	8,3 million dollars
IRR	12,6 %
WORK PLACE	115
AREA	5 hectares

ADVANTAGES OF THE PROJECT

- There are 73 million tons of limestone reserves in the district;
- "Abay" ST has 5 hectares of vacant AREA with all infrastructure;
- The demand for this product in the region today is 500 thousand tons.

Organization of geological prospecting and mining of copper raw materials in the prospective field "Uchtov".

INVESTMENT PROJECT PASSPORT

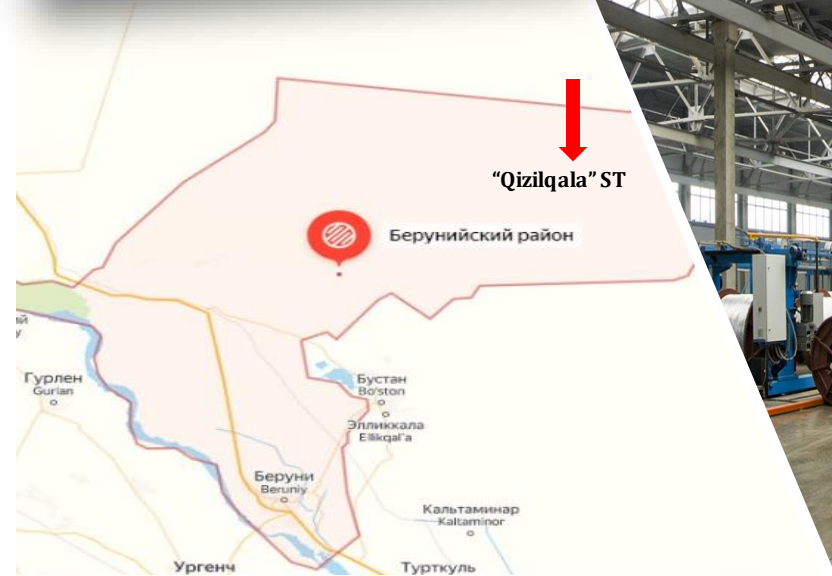

PROJECT ADDRESS	"Qizilqala" ST
PROJECT COST	52 million dollars
POWER OF THE PROJECT	3,0 thousand tons
RAW MATERIAL BASE	1,5 thousand tons
NPV	11,5 million dollars
IRR	39,22 %
WORK PLACE	120
AREA	15,0 hectares

ADVANTAGES OF THE PROJECT

- According to the initial studies, 1.5 thousand tons of copper resources were identified in the prospective fields of "Uchtov";
- "Kizilkala" and "Abay" ST areas have 15 hectares of vacant area with all infrastructure for project implementation;
- In the Republic today, the additional production of copper products is 1 million tons;

A project of organization the production of various copper cables in Beruni district

INVESTMENT PROJECT PASSPORT

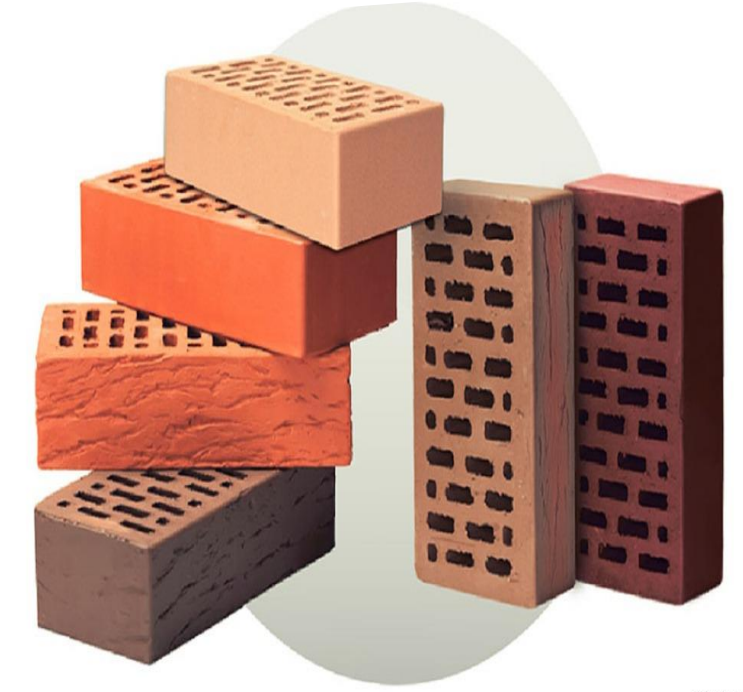

PROJECT ADDRESS	"Qizilqala" ST
PROJECT COST	31 million dollars
POWER OF THE PROJECT	2,0 thousand tons
PRODUCT IMPORT	0,4 million dollars
NPV	15,0 million dollars
IRR	12,79 %
WORK PLACE	140
AREA	1,0 hectares

ADVANTAGES OF THE PROJECT

- There is 1 hectare area with all infrastructure in "Abay" ST area;
- Tax and customs benefits are applied to the participants of "Urgut" FEZ;
- In the Republic today, the additional production of this product is 100 thousand tons;

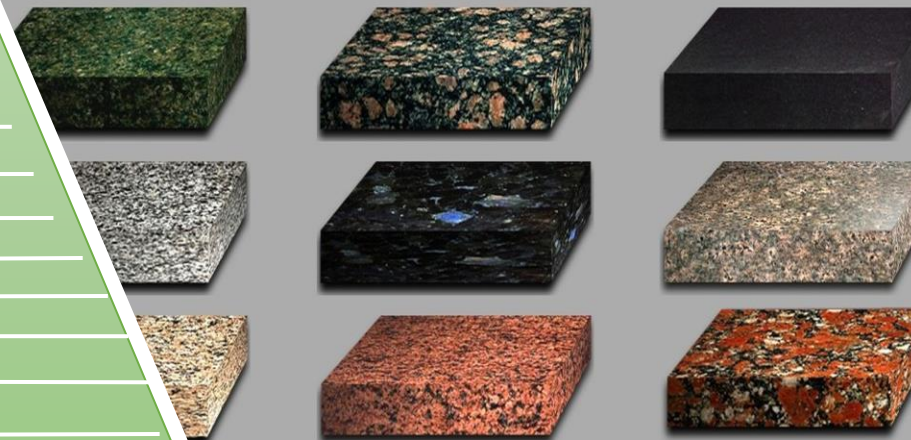

Production project of building materials (extraction and processing of natural decorative stones) in Beruni district

Flagma.ru

INVESTMENT PROJECT PASSPORT

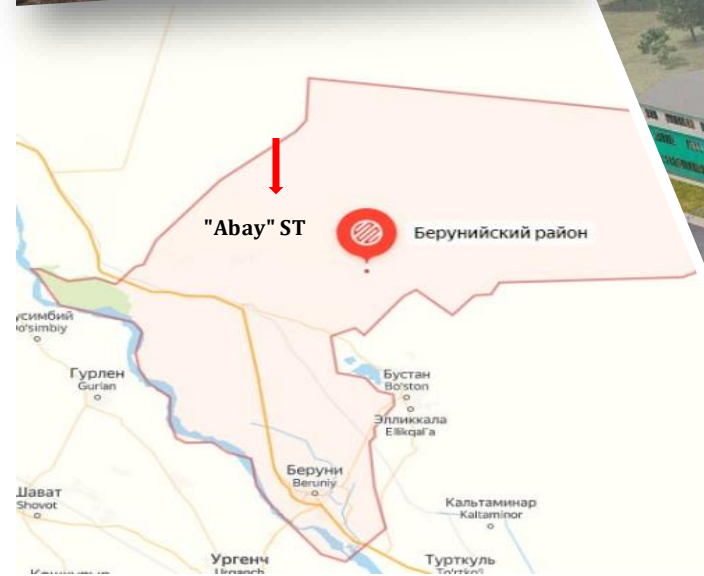

PROJECT ADDRESS	"Abay" ST
PROJECT COST	10 million dollars
POWER OF THE PROJECT	15,0 cub metres
PRODUCT IMPORT	0,6 million dollars
NPV	9,8 million dollars
IRR	11,70 %
WORK PLACE	60
AREA	1,0 hectares

ADVANTAGES OF THE PROJECT

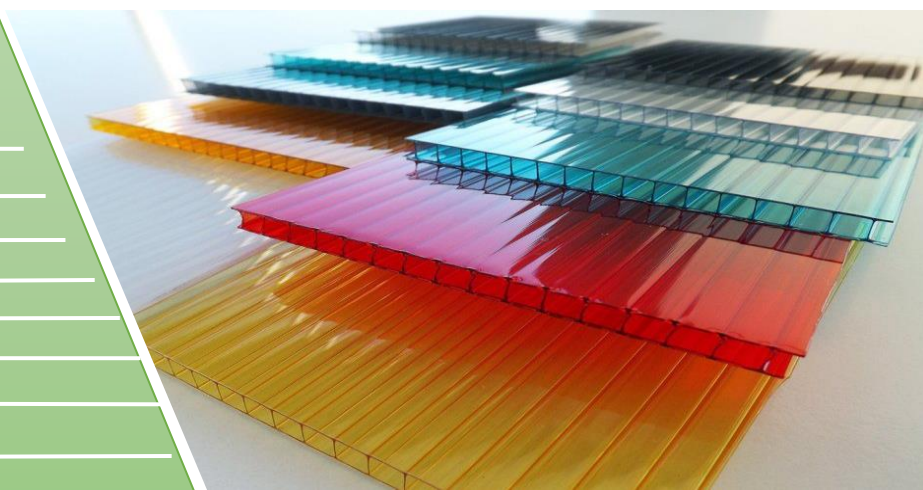

- "Karkhalisay" and "Beruniy" sections of the district have more than 2.7 million tons of raw material reserves;
- There is 1 hectare free area with all infrastructure in "Abay" ST;
- Today, the additional demand for this product in the republic is 3 million square meters;

A project to organization the production of polycarbonate sheets in Beruni district

INVESTMENT PROJECT PASSPORT

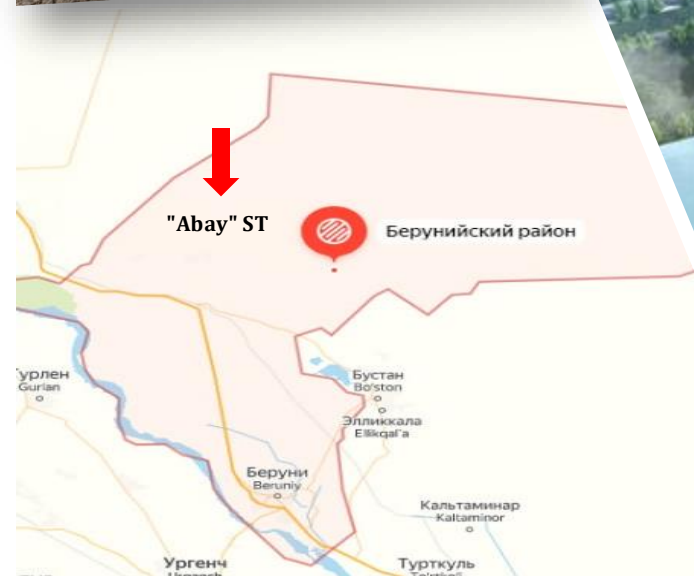

PROJECT ADDRESS	"Abay" ST
PROJECT COST	26,5 million dollars
POWER OF THE PROJECT	3,0 минг кв метр
PRODUCT IMPORT	0,3 million dollars
NPV	21,8 million dollars
IRR	18,18 %
WORK PLACE	100
AREA	1,0 hectares

ADVANTAGES OF THE PROJECT

- There is 1 hectare free area with all infrastructure in "Abay" ST area;
- Today, the additional demand for this product in the republic is 5 million square meters;

The project of forming the production of building materials (basalt and sandwich panels) in Beruni district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Abay" ST
PROJECT COST	12,0 million dollars
POWER OF THE PROJECT	10,0 thousand sq m
PRODUCT IMPORT	0,5 million dollars
NPV	12,2 million dollars
IRR	12,26 %
WORK PLACE	110
AREA	1,0 hectares

ADVANTAGES OF THE PROJECT

- There are 73 million tons of limestone raw materials in "Sultonbobo" and "Yomonsoy" sections of the district;
- There is 1 hectare free AREA in the territory of "Urgut" FEZ;
- Due to the increase in construction volume in the republic, there is an additional 1 million sq.m.

The project of organization of the production of nails and screw nails in Beruni district

INVESTMENT PROJECT PASSPORT

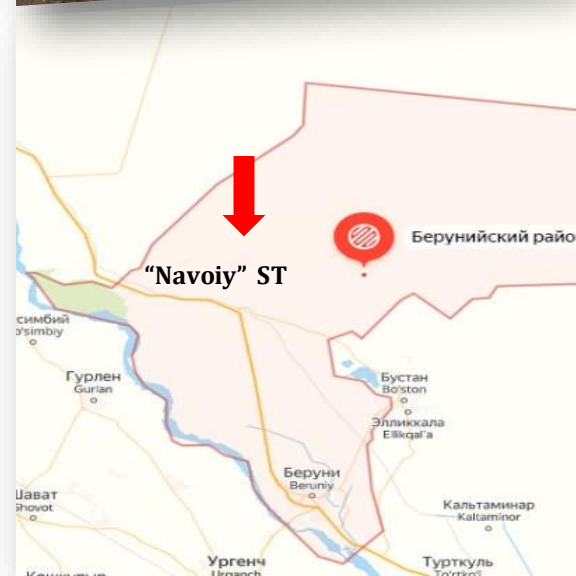

PROJECT ADDRESS	Beruni district "Abay" ST
PROJECT COST	12 million dollars
POWER OF THE PROJECT	10 thousand tons
PRODUCT IMPORT	4 million dollars
NPV	20,4 million dollars
IRR	30,47 %
WORK PLACE	80
AREA	1 hectares

ADVANTAGES OF THE PROJECT

- The raw materials necessary for the production of products will be produced in the production enterprises planned to be launched in the region;
- There is 1 hectare free AREA with all infrastructure in "Abay" ST area;
- Today, the import of this product in the Republic is more than 10 million dollars;

A project of development of the production of fruit and vegetables and the production of tomato paste, ketchup and jam in Beruni district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	Beruni district Навоий ST
PROJECT COST	35 million dollars
POWER OF THE PROJECT	5 thousand tons
PRODUCT IMPORT	0,8 million dollars
NPV	6,4 million dollars
IRR	7,53 %
WORK PLACE	100
AREA	1,2 hectares

ADVANTAGES OF THE PROJECT

- 21 thousand tons of fruit and vegetable products are grown annually in the district;
- "Navoiy" ST has an area of 1.2 hectares with all infrastructure;
- Today, the import of this product in the republic amounts to 7 million dollars;

A project of organization leather processing in Beruni district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	Beruni district "Navoiy" ST
PROJECT COST	20 million dollars
POWER OF THE PROJECT	80 million sq dm
PRODUCT IMPORT	0,9 million dollars
NPV	10,5 million dollars
IRR	9,6 %
WORK PLACE	120
AREA	2,9 hectares

ADVANTAGES OF THE PROJECT

- There is a 2.5 hectare area with all infrastructure in the territory of "Navoiy" ST;
- Today, the import of this product in the republic amounts to 78 million dollars;
- About 2 million square meters of leather is produced in the region.

The project of forming the production of household goods from plastic in Beruni district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	Beruni district "Abay" ST
PROJECT COST	11,2 million dollars
POWER OF THE PROJECT	1,5 million pieces
PRODUCT IMPORT	0,2 million dollars
NPV	2,3 million dollars
IRR	14,33 %
WORK PLACE	100
AREA	1 hectares

ADVANTAGES OF THE PROJECT

- There is 1 hectare free area with all infrastructure in the "Abay" ST area of the district;
- There is an enterprise producing the necessary raw materials in Kunhirot district.
- Today, the demand for this product is 3 million units;

The project of organization the production of plumbing products in Beruni district

INVESTMENT PROJECT PASSPORT

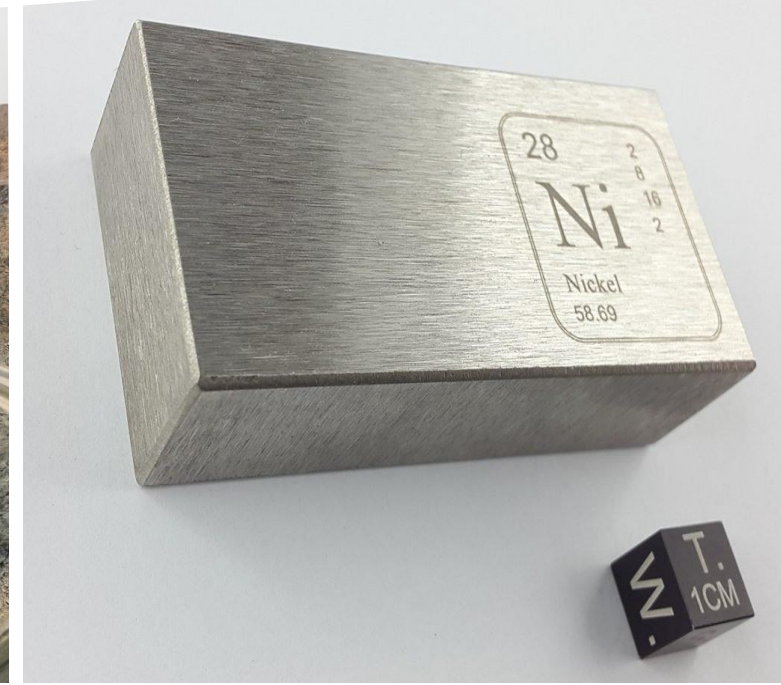

PROJECT ADDRESS	Beruni district "Abay" ST
PROJECT COST	11,6 million dollars
POWER OF THE PROJECT	200 thousand tons
PRODUCT IMPORT	0,4 million dollars
NPV	1,7 million dollars
IRR	9,43 %
WORK PLACE	80
AREA	1,5 hectares

ADVANTAGES OF THE PROJECT

- There is an AREA of 1.5 hectares with all infrastructure in the territory of "Abay" ST;
- Today, the price for this product in the Republic is 25 million dollars;
- Today, more than 80 percent of the cost of production is covered by imports.

The project of mining nickel, chromium, cobalt reserves and development of the mine in the prospective area of Sultanbobobo in Beruniy district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	Beruni district Қизил қалъа ST
PROJECT COST	65 million dollars
POWER OF THE PROJECT	10 thousand tons
RAW MATERIAL BASE	300 thousand tons
NPV	30,5 million dollars
IRR	29,8 %
WORK PLACE	140
AREA	300 hectares

ADVANTAGES OF THE PROJECT

- There is a reserve of 300 thousand tons of raw materials in the "Kizilkala" ST "Sultonbobobo" section of the district;
- "Kizilkala" ST has 15 hectares of free AREA with all infrastructure;
- Due to the processing of these mell raw materials, there is a high possibility of production of high added value products.

The project of formation of production of dry construction mixture in Beruni district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"ABAY" ST, Beruni district
PROJECT COST	10 million dollars
POWER OF THE PROJECT	400 thousand tons
PRODUCT IMPORT	0,8 million dollars
NPV	9,2 million dollars
IRR	14,2 %
WORK PLACE	60
AREA	5 hectares

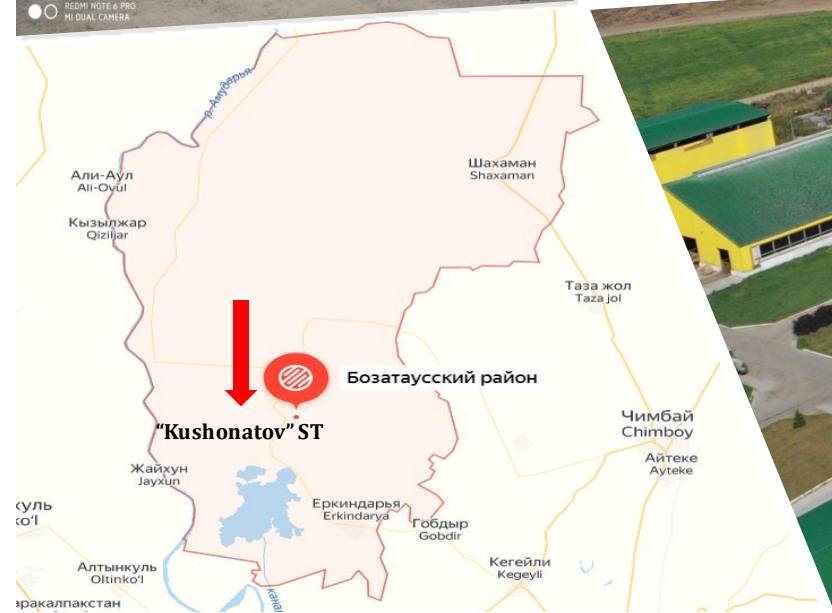

ADVANTAGES OF THE PROJECT

- The district has 73 million tons of limestone, 100 million tons of clay and 5 million tons of raw materials;
- "Abay" ST has 5 hectares of free AREA with all infrastructure;
- Today, the volume of construction in the region is 1 trillion soums.

**PROJECT PROPOSALS “DO BUSINESS IN KARAKALPAKSTAN” PROGRAM BY THE
GOVERNMENT OF BOZATOV DISTRICT**

The project of establishing a livestock complex in Bozатов district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Kushanotov" ST
PROJECT COST	20 million dollars
POWER OF THE PROJECT	2 минг бош
PRODUCT IMPORT	1 million dollars
NPV	4,1 thousand dollars
IRR	32 %
WORK PLACE	150
AREA	2 минг hectares

ADVANTAGES OF THE PROJECT

- Taking into account that the main drivers of the district are agriculture and farming, the district has all the conditions for the implementation of this project. Through the implementation of this project, meat and dairy products will be provided in domestic markets not only in the district but also in the republic.

Project of the production of bentonite products (bleaching bentonite clay) in Bozатов district

INVESTMENT PROJECT PASSPORT

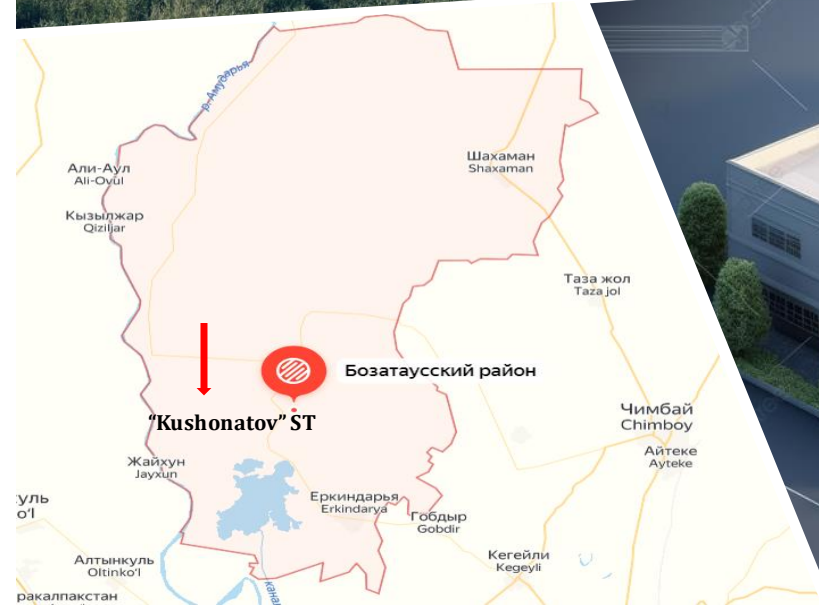

PROJECT ADDRESS	"Kushonotov" ST
PROJECT COST	15 million dollars
POWER OF THE PROJECT	50 thousand tons
МАҲСУЛОТ ЗАХИРАСИ	17 089 thousand tons
NPV	4,4 million dollars
IRR	30 %
WORK PLACE	50
AREA	37,5 hectares

ADVANTAGES OF THE PROJECT

Based on the information of Geological Committee, 500-600 to 17,089,000 tons of bleaching bentonite clay will be used for the production of expanded clay gravel in the district. Taking into account the availability of resources, it is appropriate to implement the existing project in the district.

Licorice root plantation establishment and extract production project in Bozатов district

INVESTMENT PROJECT PASSPORT

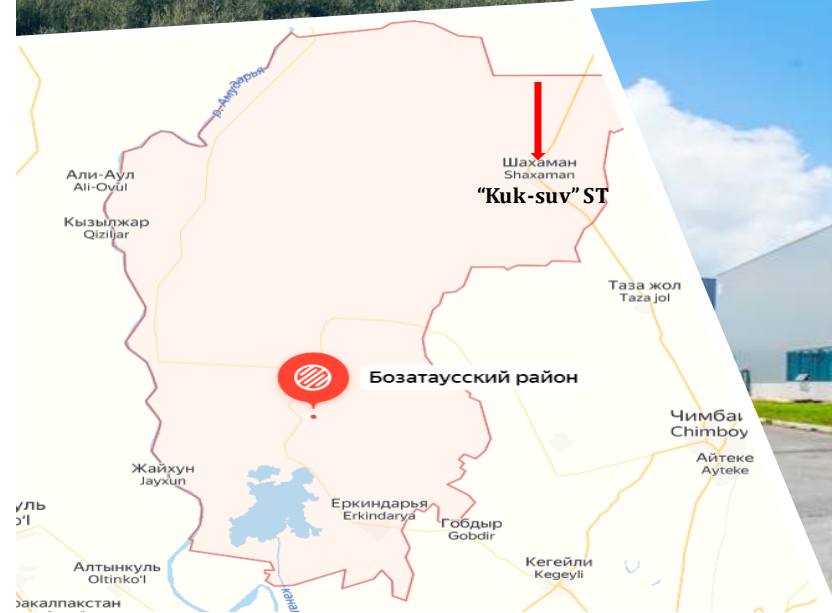

PROJECT ADDRESS	"Kushonotov" ST
PROJECT COST	17 million dollars
POWER OF THE PROJECT	700 tons
RAW MATERIAL BASE	500 hectares
NPV	4,5 million dollars
IRR	28 %
WORK PLACE	120
AREA	5 thousand hectares

ADVANTAGES OF THE PROJECT

Taking into account that the stock of licorice root in the district is quite high, this project can be classified as one of the promising projects. The products produced as a result of the implementation of this project will be exported and the export performance of the district will be increased.

The project of establishing a cotton-textile cluster in Bozатов district

INVESTMENT PROJECT PASSPORT

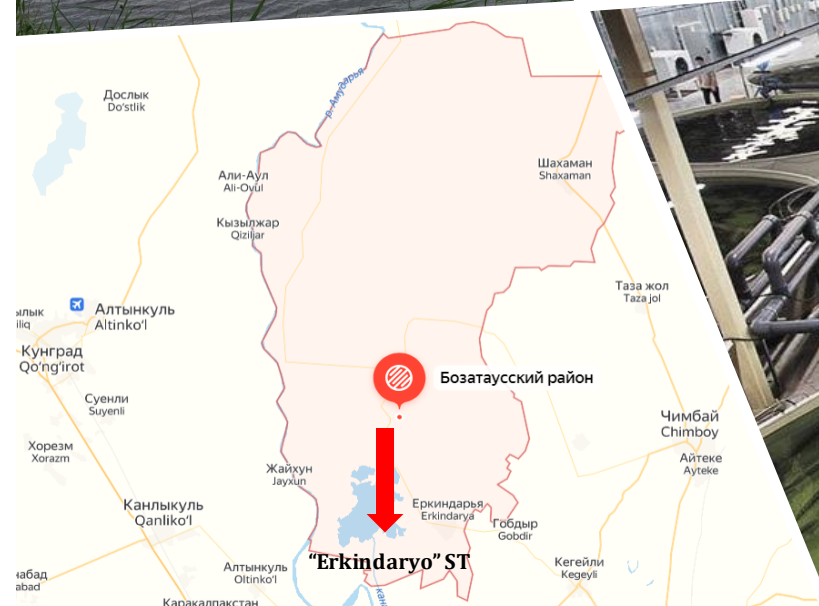

PROJECT ADDRESS	"Kuk-suv" ST
PROJECT COST	52 million dollars
POWER OF THE PROJECT	12 thousand tons
FREE AREA	17,2 минг hectares
NPV	8,7 million dollars
IRR	30 %
WORK PLACE	350
AREA	50 thousand hectares

ADVANTAGES OF THE PROJECT

Taking into account the large amount of agricultural reserve land in the district, as well as taking into account the current water scarcity, it is appropriate to grow cotton, which consumes less water: the products produced as a result of lowering will be directed to export, and the increase of export indicators of the district will be achieved.

The project of forming a fishing complex in Bozатов district

INVESTMENT PROJECT PASSPORT

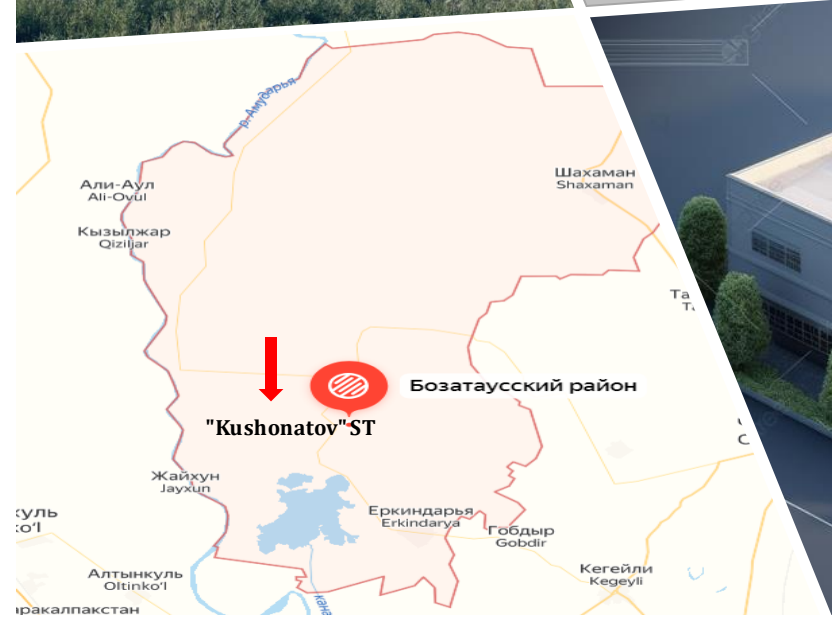

PROJECT ADDRESS	"Erkindaryo" ST
PROJECT COST	12 million dollars
POWER OF THE PROJECT	1 thousand tons
"DAVUT" LAKE AREA	4,9 thousand hectares
NPV	2,5 million dollars
IRR	28 %
WORK PLACE	60
AREA	4,9 thousand hectares

ADVANTAGES OF THE PROJECT

The existing area of the district is 4390.0 hectares (of which the water area is 2864.9 ha, other lands are 1525.6 ha) by taking Davud Lake from the balance sheet of the "Uzbekbaliqsanoat" association and distributing it to business entities. The domestic markets of Karakalpakstan will be supplied with fish products.

Production project of plastic composite panels in Bozатов district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Kushonotov" ST
PROJECT COST	10 million dollars
POWER OF THE PROJECT	100 МИНГ КВ.М
PRODUCT IMPORT	11 million dollars
NPV	2,1 million dollars
IRR	24 %
WORK PLACE	35
AREA	1,5 hectares

ADVANTAGES OF THE PROJECT

Through the implementation of the production project of plastic composite panels in the district, the fog is widely used in the finishing works of facade parts of buildings. There are no problems in allocating the necessary land areas for the implementation of the project.¹

Project for production of protein products from wheat in Bozатов district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Kushonotov" ST
PROJECT COST	10 million dollars
POWER OF THE PROJECT	20 thousand pieces
CULTIVATED AREA	650 hectares
NPV	2,1 million dollars
IRR	27 %
WORK PLACE	40
AREA	1 hectares

← WHEY PROTEIN →

WHEY - SIN

Велкоздровителен продукт, който съдържа всички необходими аминокислоты, включително незаменими.

ISOLATE - WHEY

21 аминокислоти: съдържа всички необходими аминокислоты, включително незаменими, с изключение на бета-лактоглобулин.

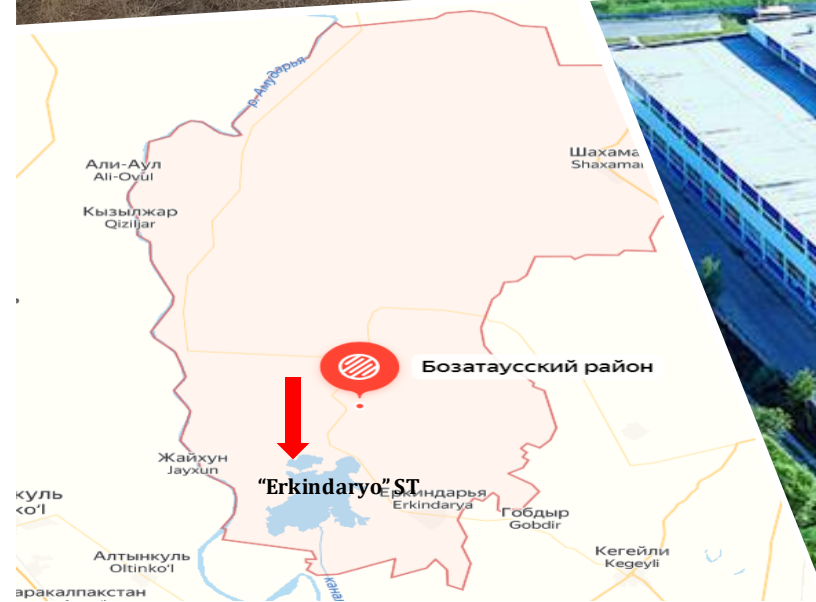

HYDROLYSATE

21 аминокислоти: съдържа всички необходими аминокислоты, включително незаменими, с изключение на бета-лактоглобулин. Съдържа всички необходими аминокислоты, включително незаменими.

ADVANTAGES OF THE PROJECT

Taking into account that the main drivers of the district are agriculture and agriculture, the district has all the conditions for the implementation of this project. Wheat is cultivated in the district on an area of 650 ha. In this regard, we can include this project among promising projects.

Spunbond production project in Bozатов district

INVESTMENT PROJECT PASSPORT

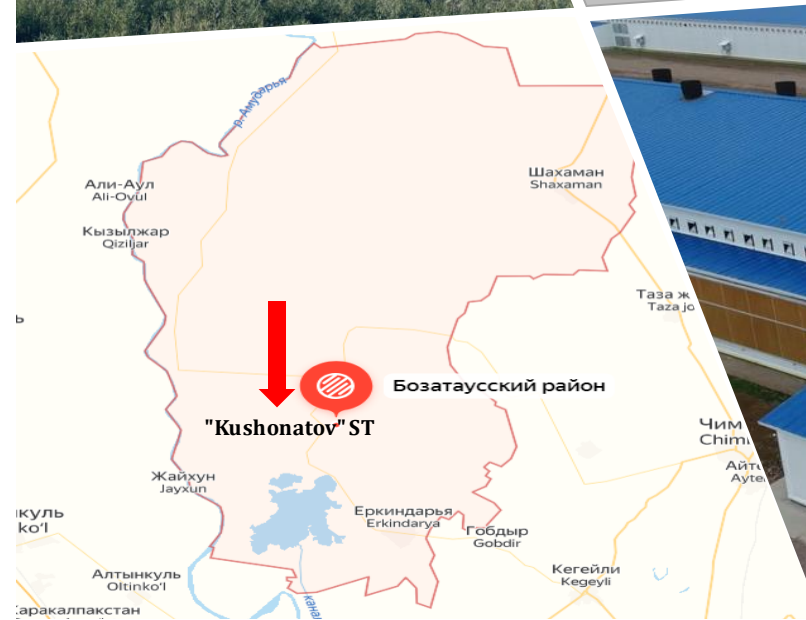

PROJECT ADDRESS	"Erkindaryo" ST
PROJECT COST	10 million dollars
POWER OF THE PROJECT	4 thousand tons
PRODUCT IMPORT	4 million dollars
NPV	1,9 million dollars
IRR	24 %
WORK PLACE	30
AREA	1,5 hectares

ADVANTAGES OF THE PROJECT

In the production of these products, plastics based on synthetic compounds are used. Spunbond products are used for medical special clothes, disposable shoes. The products produced as a result of the implementation of this project can be directed to the domestic market as well as to the export. It is appropriate to include this project among promising projects.

The project of forming a poultry cluster of Bozatov district (production of meat, semi-finished products, sausages and fodder)

INVESTMENT PROJECT PASSPORT

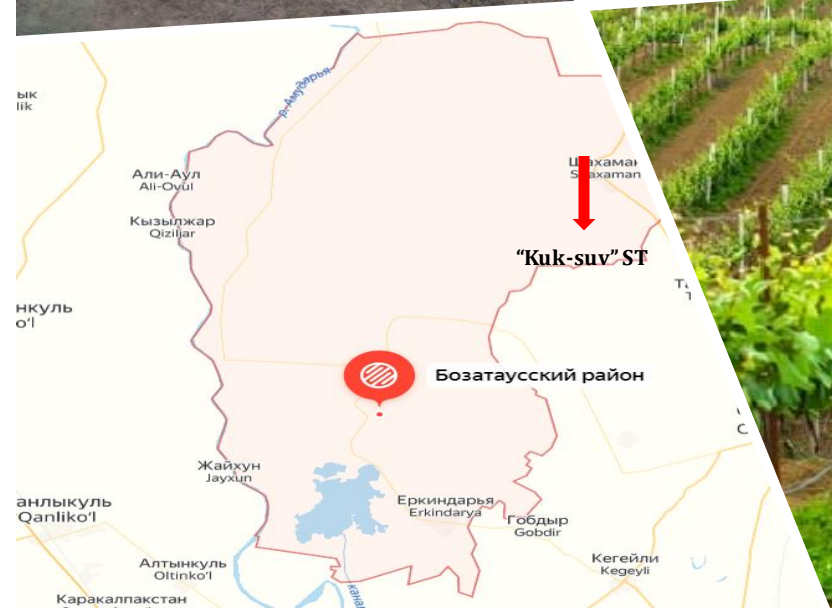

PROJECT ADDRESS	"Kushonotov" ST
PROJECT COST	35 million dollars
POWER OF THE PROJECT	300 000
FREE AREA	17,2 минг hectares
NPV	4,6 million dollars
IRR	29 %
WORK PLACE	120
AREA	1,2 минг hectares

ADVANTAGES OF THE PROJECT

Taking into account that agriculture is one of the main drivers of the district, taking into account the presence of all conditions for the implementation of this project, production of import-substituting products by implementing the project of establishing a poultry cluster (meat, semi-finished products, sausages and fodder production) in the district and the possibility of exporting chicken paws will be created. This, in turn, causes an increase in the district's export performance.

Grape processing project by establishing a viticulture cluster in Bozатов district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Kuk-suv" ST
PROJECT COST	14 million dollars
POWER OF THE PROJECT	2 hectares
FREE AREA	17,2 thousand dollars
NPV	22 million dollars
IRR	25 %
WORK PLACE	30
AREA	2 thousand hectares

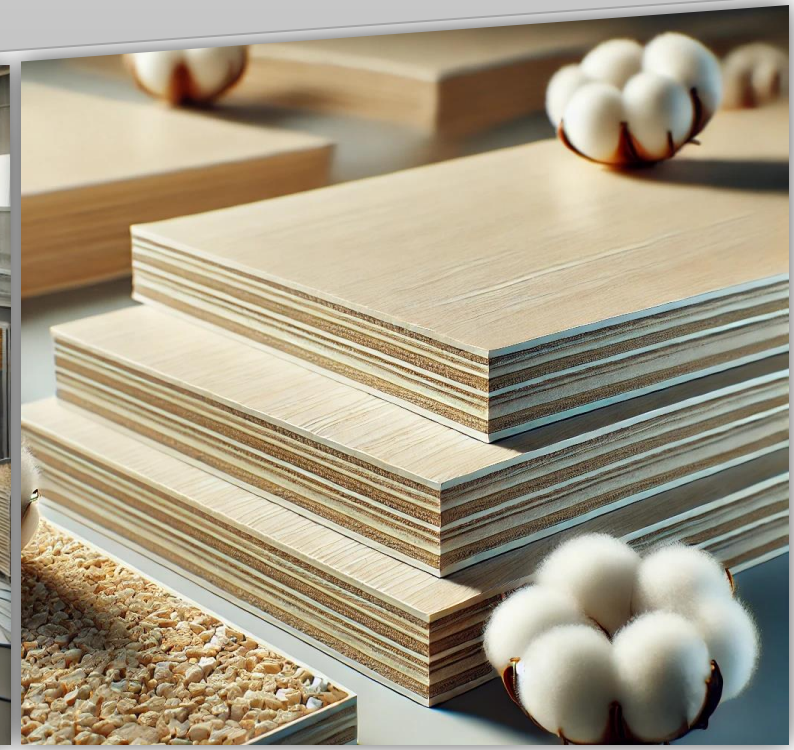

ADVANTAGES OF THE PROJECT

Considering that agriculture and farming are the main drivers of the district, there are all conditions for the implementation of this project. By forming a viticulture cluster in the district, the products produced by the implementation of the grape processing project will be directed to the domestic market.

**PROJECT PROPOSALS “DO BUSINESS IN KARAKALPAKSTAN” PROGRAM BY THE
GOVERNMENT OF KEGEYLI DISTRICT**

Construction materials (LDSP) production project in Kegeili district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Iyshan qala" ST
PROJECT COST	10 million dollars
POWER OF THE PROJECT	400 thousand m3
PRODUCT IMPORT	1,2 million dollars
NPV	0,18 million dollars
IRR	11 %
WORK PLACE	50
AREA	1 hectares

ADVANTAGES OF THE PROJECT

- There are 2,000 hectares of licorice root reserves in 8 ST areas of the district;
- The territory of "Iyshan Qala" ST is provided with all infrastructure networks;
- 100% localization is achieved as a result of the production of this product;
- District 4R-176 Nukus, Chimboy, is located on the Takhtakupir highway.

Project for organization of production of tomato paste and ketchup in Kegeili district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Aktuba" ST
PROJECT COST	11,8 million dollars
POWER OF THE PROJECT	9 thousand tons
PRODUCT IMPORT	1,3 million dollars
NPV	4,1 million dollars
IRR	28 %
WORK PLACE	96
AREA	2 hectares

ADVANTAGES OF THE PROJECT

- One of the "growth points" of the district is fruit and vegetable production;
- 7,330 tons of fruit and vegetable products are grown in the district per year, but processing has not been established;
- The population is provided with quality food products.

A project for the production of concentrate (brix), poyure and packaged (salted) grain kernels for fruit juices in Kegeili district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Aqtuba" ST
PROJECT COST	30 million dollars
POWER OF THE PROJECT	609,2 tons
PRODUCT IMPORT	1,5 million dollars
NPV	5,5 million dollars
IRR	30 %
WORK PLACE	30
AREA	4 hectares

ADVANTAGES OF THE PROJECT

- In the territory of "Aqtuba" ST of the district There are about 50 hectares of orchards;
- 1,750 tons of fruit products are grown in the district per year;
- There are enough raw materials for this project;

The project of establishment of licorice root plantation and production of its extract in Kegeili district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Iyshan qala" ST
PROJECT COST	50 million dollars
POWER OF THE PROJECT	150 thousand tons
PRODUCT IMPORT	5 million dollars
NPV	4,2 million dollars
IRR	25 %
WORK PLACE	600
AREA	5 000 hectares

ADVANTAGES OF THE PROJECT

- There are 2,000 hectares of licorice root reserves in the 8 ST area of the district;
- The district has at least 10 years of experience in licorice root processing;
- This product is popular all over the world;
- Availability of a number of reliefs in the district for exporting enterprises, taking into account that the product is destined for export.

The project of establishing the production of sanitary-technical products (sinks, sanitary ware, bidets, urinals) in cooperation with well-known brand companies in Kegeili district

INVESTMENT PROJECT PASSPORT

PROJECT ADDRESS	"Iyshan qala" ST
PROJECT COST	25 million dollars
POWER OF THE PROJECT	500 thousand pieces
PRODUCT IMPORT	800 thousand pieces
NPV	3,5 million dollars
IRR	22 %
WORK PLACE	150
AREA	5 hectares

ADVANTAGES OF THE PROJECT

- "Iyshan Qala" district has convenient facilities;
- There is a 5-hectare area with all the infrastructure in the "Iyshan Qala" settlement;
- The demand for this product in the republic today is 1000 units.

The project of organizing the production of sunflower oil in Kegeili district

INVESTMENT PROJECT PASSPORT
